JOnAS 5.0.2 RC

Hi JOnAS Enthusiasts !

We're very pleased to announce the availability of this new JOnAS release. This is a new Release Candidate of the JOnAS 5.0 serie.

If you want to see more about JOnAS 5.0.2 Release Candidate take a look at the [New and noteworthy](#) and check out the [Getting Started](#) (for JOnAS/OSGi).

Packages are downloadables from the [OW2 forge](#).

JOnAS 5.0.2 is provided as a set of bundles running on Apache Felix OSGi Gateway.

Now, this release is in your hands: provide us some feedback through the mailing lists, [fill the bug tracker](#) with any issue you may find, ...

Enjoy, and stay tuned for future announcements.

JOnAS Team
